

UNITED STATES OF AMERICA
DEPARTMENT OF JUSTICE
FEDERAL BUREAU OF INVESTIGATION
WASHINGTON, D. C. 20535

The Balance° Pen

1. Balance° cap.
2. Precious iridium point, one of the world's hardest and most costly metals. Fused on gold tip and ground to smooth writing surface.
3. Nib of 14 karat heavy gold, alloyed and shaped in Sheaffer's factory.
4. Special comb feed assures instant writing fluid flow without skipping or flooding.
5. Inside cap forms airtight chamber. Keeps point moist.
6. Clip shank of optical grade spring metal, gold filled. Will retain its strength and hold firmly.
7. Section conveniently shaped to fit the fingers and firmly seated against inner cap by perfectly cut threads.
8. Ball clip tip holds firmly without wearing or tearing the cloth.
9. Gold filled band reinforces open end of cap.
10. Large sac of finest rubber latex permits plentiful supply of writing fluid.
11. Filling mechanism lies flat in barrel. Operates independently of sac, allowing pen to fill to extreme limit.
12. Filling lever is firmly fastened in place.
13. Thumb nail recess permits convenient lifting of lever for filling.
14. Balance° end.

The Balance° Pencil

1. Balance° end.
2. Renewable eraser conveniently placed in end of lead magazine.
3. Easily accessible lead magazine holding generous supply of leads.
4. Ball clip tip holds firmly to any cloth without tearing.
5. Barrel of unbreakable Radite.
6. Propel spiral screw cut from heavy brass tube, assures a smooth operation and great strength.
7. Waspalumin push rod propelled by propel screw, drives through carrier and expels the last particle of unused lead, clearing tip so it cannot clog or jam.
8. Carrier made of non-corrosive spring metal. Will take indelible lead or crayon without rusting.
9. Friction block, inserted under heavy pressure, and seated without the use of solder.

Every Sheaffer pencil is of the propel-repel-expel type and guaranteed to be free from defects in materials and workmanship.

Every Sheaffer fountain pen is guaranteed to be free from defects in materials and workmanship.

Sheaffer's Lifetime° fountain pen is guaranteed unconditionally against anything and everything except total or partial loss for the owner's lifetime.

Follow the leader and be one! Sales records prove Sheaffer's the world's most popular line of writing equipment. Complete assortments are offered in beautiful new marine green, aristocratic jet black, colorful jade green and rich black and pearl. Barrels and caps as well as desk set sockets are of unbreakable Radite. The four pen and pencil lines are offered in the large size with clip, and medium size with clip and with ring. All metal fittings are gold filled or solid gold.

Every Sheaffer Pencil is of the Propel-Repel-Expel type, precision built and guaranteed mechanically perfect—definitely guaranteed for life against defects in materials and workmanship. No other guarantee is broader or more definite than Sheaffer's.

The world's broadest pen guarantee is the Lifetime° guarantee, definitely assuring every owner a lifetime of pen satisfaction. A Lifetime° Guarantee certificate properly signed and serially numbered accompanies every Lifetime° pen. This certificate protects the dealer as well as the consumer and reads:

"Sheaffer's Lifetime° Fountain-pen is unconditionally guaranteed for life against anything and everything except total or partial loss."

Sheaffer's is the world's only Lifetime° Pen guarantee.

The six numbers illustrated in colors on this page are but representative of Sheaffer's complete line. Dealers and consumers alike are urged to submit special nib or point problems to Sheaffer with the assurance that it is easily possible for Sheaffer nib experts to exactly duplicate any steel point, either flexible or manifold and which will be backed by a broad and definite guarantee, in turn backed by the world's leading manufacturer of writing equipment.

New garb—New design—New ability in
Balance° Lifetime° pens and pencils

MARINE GREEN—luminous color of ocean deeps where sunken treasure ships glow in vagrant sun and velvet shadow—that is the rich and restful color of the new Balance° Lifetime° writing companions. And with such color come modern design, and restfulness in the hand, the results of the perfect Balance° engineered into these new instruments. For such reasons more people buy Sheaffer's than buy any other make.

Desk Stand No. 25

It is but natural that the world expects and receives, the highest quality, most beautiful, and most complete line of desk stands from Sheaffer, since Sheaffer originated the Desk Set idea. Sheaffer desk stands are fitted with the Universal ratchet lock socket, offering always the pen at the correct writing angle. The sockets are of black, unbreakable Radite or chromium plated, the fittings are gold filled and the bases are of unbreakable black Radite, black Carrara, and crystal clear glass, imported black and gold Italian marble and genuine green Brazilian onyx. Sheaffer desk stands are priced downward from \$500.00, in sizes, shapes and materials to appeal to the most discriminating.

Desk set illustrated is Green Brazilian Onyx stand No. 25, \$46.00. Complete with matched Lifetime[®] desk fountain-pens, \$60.00. See pages 29 to 67 inclusive, for other models, and know that you may choose with the assurance that you will obtain the world's highest quality from the world-leader—creator of the desk set idea.

Sheaffer's Combination pen-pencil is guaranteed free from defects in materials and workmanship but is not subject to the famous Lifetime[®] guarantee. The nib furnished is the No. 5-30 and the pencil is the regular Sheaffer's propel-repel-expel type.

You Owe This Loaner Pen Service to Your Business as Well as to Your Customers!

TO SELL nothing but merchandise of Sheaffer quality is an excellent method of bringing repeat business because satisfied customers will act as salesmen for you—salesmen without pay.

But doubly guarantee their satisfaction. Be always in position to give them 100% fountain-pen service. When they bring to you their pens for adjustment, cleaning or repair, assure them of continuous Sheaffer-pen-use. Give them Sheaffer Loaner Pens to carry if you must send theirs to the factory.

To help Sheaffer dealers render this super-merchandising service Sheaffer offers Loaner Pens at a price heretofore unheard of. The Loaners are first class in every respect, and worth a great deal more than 95c each. Every Loaner is boldly engraved on the barrel:

"Service pen loaned by"
(Your business name here)

This is your ad. The customer retains the Loaner Pen only until you notify him his personal pen is ready. It is another effective way to bring him back to your store.

These Loaner Pens are sold to Sheaffer dealers for 95c each, engraved. No dealer should order less than a half dozen. The Loaners are not to be resold, but kept on hand as service pens. The illustration is exact size. The color is black, size medium and the points are of varied grades. Orders for a half dozen are made up in assorted points. At 95c each a stock of one-half dozen means an investment of \$5.70 net. The pens are actually worth many times that. This service plan will be worth many times that amount in good will, advertising and the resultant dollars and cents business. Stock at least a half dozen Loaner Pens today. You owe it to your business as well as to your customers.

Code, CUKBA

Sheaffer's 4 piece ensemble has been universally accepted as the ideal gift package. A Balance° pocket pencil, Balance° Lifetime° pocket fountain-pen, Golf and Handbag pencil and Safety Skrip package neatly packed in beautiful velvet-lined gift box. Handy tabs insure accessibility of Safety Skrip.

Complete outfit 10½x6½x6½". Shipped parcel post, sealed and securely packed.

Contents: 1 quart and 12 Safety Skrip. Colors washable red, blue, green, black purple and permanent royal blue.

13-piece Skrip package, list \$7.75. Code: SAFOF. (Dealer may sell complete unit at \$7.00 and thus give customers advantage of quantity price.) Regular Skrip discounts apply. Immediate shipments, parcel post.

Sheaffer's 13-piece Skrip Office Outfit will consistently increase your Skrip volume and profits. Every office, bank, business house, hotel, business college, wherever writing is done by one or more persons—that is your market for this new 13-piece unit. Safety Skrip saves time, money and trouble. It is non-leakable and practically unbreakable. Keeps Skrip sealed. The quart is for refill. This new unit supercedes messy, old-fashioned ink wells which waste time and writing fluid. And the unit price nets the dealer an excellent profit. This item must be sold door-to-door. Two hours on an otherwise dull day, will prove extremely profitable in selling this new 13-piece unit outside your store.

In Sheaffer's new three-in-one convertible pocket and desk fountain-pen has been combined the many advantages of the 100% Balance® desk fountain-pen and the Balance® pocket fountain-pen. Not only has the owner advantages of interchanging for pocket use and desk use but the principle of balance is still retained which makes Sheaffer's three-in-one interchangeable fountain-pen the latest, most complete and most desirable convertible writing unit on the market.

Illustration shows first operation, that of removing cap.

Remove butt cap which permits accommodation of quill.

Place quill in butt end of pen which instantly transforms a Balance® pocket fountain-pen into a desk fountain-pen of 100% balance.
